- Provided technical support for email marketing campaigns.

EcoSmart Business – Béni Mellal

Web Security Intern   Aug 15, 2019 – Feb 2, 2020

- Built secure websites with SSL, XSS, and SQLi protection.
- Participated in vulnerability auditing.
- Collaborated with design & dev teams.

ISTA NTIC – Béni Mellal

System Admin Intern   July 1, 2019 – Aug 8, 2019

- Managed IT infrastructure and provided user support.
- Monitored system security and network availability.

Cosumar – SUTA Factory, Ouled Ayad

IT Intern (x2)   June–Aug 2017
                    Mar–May 2019

- Assisted in managing the factory's IT network.
- Workstation setup and IT documentation.
- Supported end-users.

FerLio – Casablanca

IT Intern   Aug 1 – Nov 30, 2018

- C# and SQL Server programming.
- Worked on use case modeling and .NET MVC projects.
- MERISE method implementation.

EDUCATION

SUPEMIR – Casablanca, Maroc   2025

Master's Degree in Communication Systems, Data Centers & Cybersecurity

- Continuing education program focused on advanced cybersecurity: networks, audits, data centers, and systems.

CERTIFICATIONS

- HTB CWES – Certified Web Exploitation Specialist
- CRTA – Certified Red Team Analyst
- ISO/IEC 27001 Associate – Management de la Sécurité de l'Information
- Fortinet NSE 1 & NSE 2 – Network Security Expert
- 3rd Place – National CTF Competition
- Cambridge English PET (Preliminary English Test)

TECHNICAL SKILLS

Cybersecurity:
- Pentest
- Red Team
- Sécurité Web
- Vulnérabilités
- Hardening
- Email sécurisé

Tools:
- Metasploit
- Burp Suite
- SQLMap
- Nmap
- Nikto
- Maltego
- Hydra
- Nessus

Languages:
- Python
- Bash
- SQL
- PHP
- HTML/CSS
- C / C#

Systems:
- Linux / Windows / MacOS
- VirtualBox

Faculty of Science and Technology – Settat, Morocco   2020
Professional Bachelor's Degree in Cybersecurity

- Covered fundamentals of cybersecurity: cryptography, network security, OS security.

ISTA NTIC – Béni Mellal, Maroc   2019
Advanced Technician Diploma in Software Development

- Learned C#, SQL Server, MERISE, Java, HTML/CSS, Android.

Victor Hugo High School – Béni Mellal, Morocco   2016
Scientific Baccalaureate – Physics

- High school diploma – science specialization.

PROJECTS

Web Server Security & IDS/IPS Deployment

- Deployed an IIS web server in a Windows virtual machine.
- Installed intrusion detection and prevention systems (IDS/IPS).
- Analyzed and mitigated common DVWA vulnerabilities (XSS, SQLi).
- Strengthened security via OS hardening and application configuration.

Red Team Training Methodology – VulnHub + Project Management

- Designed a technical training strategy for Red Team analysts.
- Used VulnHub machines with recent vulnerabilities (CVE 2023/2024).
- Managed training planning and follow-up using PMI/Prince2 frameworks.
- Built progressive learning paths with realistic cybersecurity scenarios.

- Active Directory

LANGUAGES

- Arabic: Native
- English: Fluent / Technical (Cambridge PET certified)
- French: Intermediate (spoken/written)
